DETAILED ACTION

Allowable Subject Matter

1. Claim 20-38 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The limitations of independent claims 20 and 27 do not appear to be found in the Prior Art of Record. The Prior Art does not teach a method for exclusive caching where information from the storage system cache is evicted and stored in a host cache in combination with **demoting information from a host cache to a storage cache if the information is clean when evicted.**

Mattson et al. (5,542,066) discloses destaging data from a cache to main memory when the data is dirty (Column 11, line 40 to Column 12, line 42). Mattson does not teach demoting information from a host cache to a storage cache when the information is clean.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
